### **Phoenix Fun Camp:**

Our Phoenix Fun camps are designed for students ages 4-9yrs. Students will have fun learning new skills while increasing self-confidence and coordination. Campers will learn gymnastics skills on bars, beam, floor, vault, foam pit and tumble track; explore different circus apparatus each day including trapeze, lyra, hammock; and learn recreational dance in our state of the art studio. Campers will enjoy themed crafts and themed games daily. Outdoor activities such as jump rope, balls, chalk and hula hoops will be utilized daily. Friday is water day, and weather permitting, campers will enjoy outdoor water activities such as water balloons, sprinklers, and snow cones!

### **Gymnastics/Circus/Dance Training Camp:**

Our Training Camp is for students 10yrs+, with or without experience, to learn an array of skills. Gymnastics rotations on all events: bars, beam, floor, vault, and trampoline will be utilized during practice. A multitude of circus disciplines will be introduced, including aerial apparatus such as trapeze, lyra and hammock, as well as, tumbling acrobatics, object manipulation and balancing. Dance exploration across various genres such as hip hop and contemporary will be taught. No experience is necessary to participate, and all skills can be modified for different levels of fitness. This training camp allows students to explore the sports of gymnastics, circus arts and dance in a fun and safe environment!

### **Circus Intensive Camp:**

Students, with a minimum age of 10 and a mastery of the basic circus arts skills, will be working to take their training to the next level. Strength, Agility, Flexibility and Endurance will be key to progressing skill growth. Students will learn how to make a combination on an apparatus of their choice. Focus will be on form, clean movement, and concentration, as well as learning the creation process to build an act. \*Required skill prerequisites for this camp. Please contact the office with questions about qualifications.
